The chief item of discussion at the annual meeting of the Independent barbor Parry last night was the method pursued in the past in selecting candidates for municipal and parliamentary office. Controller C. I. Aitchison after discussing the hap-hazard methods of the past, moved that anded to the controller the hazartial added to the country of members in whom would be invested the powers in whom would be invested the powers of a parliamentary committee for the

purpose of selecting the sistes for the future election.

In the past, the controller said, across bindered has been said to select the selection of the selection of the selection of the candidates, which resulted only in chaos and the ranning of uses un-known to the bulk of the few was to the polls with but a half-hearted sup-port for the members. Nukol Shareholders in Hamilton met recently and appointed three delegates to inspect and rethe Nukol Plant in Toronto. Two of the delegates were men with mechanical experience, and therefore well qualified to speak of the mechanical features of the plant. The third delegate has had considerable experience in the coal business, and speaks with authority on the product. Names and addresses of the delegates will be given upon request. Here is their report in brief:

### Satisfactory Working Conditions

DELEGATE NO. 1:

"After a careful inspection of the "After a careful inspection of unit Nukol Plant we are very much pleased to find everything in a satisfactory working condition. We found the machinery running and turning out Nukol. We inspected everything from beginning to end. We saw the process of manufacture from coal screenings to mixer, masticator, press, conveyors and cooler-to where the finished product pours out into the big bins for shipment. We were also very much pleased by the courteous treatment given us by President Slater and his staff, who made it pose for us to see every item and part of the plant and the manner of conducting business at the Head Office. We have a most favorable report to return to the share-holders in Hamilton."

### NUKOL Has Got Along Exceptionally Well DELEGATE NO. 2:

"I am more than pleased with the in-spection of the Nukol Factory at Toronto." I can say that Nukol has got along excep-tionally well. Having had considerable to do with machinery I can understand the de do with machinery 1 can understant at the lays in getting a big plant properly adjusted before it will run smoothly. While I was working on machinery for the big Ford Plant there was considerable delay before the Machinery could be installed and "tun-I appreciate the kind manner in which we have been received by President Slater, and shown everything we wanted to

### Well Pleased With The Product DELEGATE NO. 3:

"I have been identified with the coal business for two and a half years. I am well pleased with your finished product-NUKOL. We have seen everything and President Slater has carefully explained every feature of the business in a thoroughly satisfactory manner. The Plant has made a very good impression, and we have a very favorable report to make."

### INVITATION

NUKOL is always ready to give information about the Nukol Plant and process. Delegates from Nukol Shareholders in any City or Town-Representatives from Boards of Trades. City Councils, Municipalities or any other body of citizens are always welcome at the Nukol Plant in Toronto. Come and see Nukol any time. The more you see of Nukol the better you will like it.

woman 1 have ever occessed. I seemed to be gazing on the 11th profile of that dreadful rival of mine—the girl with the tawny tresses.

About the slender white throat of the figure was dark and jagged line; upon the breast, a dark stain.

I was skinding with the word of the bone.

I was skinding with the word do the bone.

I was skinding with the word dealed and so shut the horror out. I was stiff as one of the deal. Hand nor foot, I couldn't move my lips. I couldn't turn my head, although I longed to hide my face on his breast and so shut the horror out. I was stiff as one of the deal. Hand nor foot, I could not move. I was conscious that I was paralyzed—and quite mable to overcome my condition!

Bob shook me—and shook me again. Then he kissed me, but I sacredy heard his voice or felt this lips.

Sauredy heard his voice or felt this lips.

When I came out of my husband same, saught my breath in short hard gasps as a child does after a terribe fit of sobbing, and then my knees gave way beneath me.

When I came out of my swoon, Box was holding me in his arms and trying los keep my body from auching the grimy floor.
